SUMMARY

Currently working as an Engineer at London Stock Exchange Group, specializing in scalable web applications and custom solutions using Java, Spring Boot, React, and AWS. Skilled in Front-end, API development, and deployment, with 400+ LeetCode problems solved, ensuring strong problem-solving and data integrity.

WORK EXPERIENCE

Engineer | London Stock Exchange Group | Aug 2024 – Present | Bangalore, India
• Developed a recruitment management platform with React and Spring Boot
• Integrated a CI/CD pipeline with Jenkins, automating 90% of the build, test, and deployment process.
• Implemented role-based modules covering 85% of job posting, interview scheduling, and performance tracking.
• Optimized recruitment workflows, cutting manual coordination by 40%, reducing release cycles by 50%, and boosting efficiency by 30%.

Spring Boot Developer | Freelance | Feb 2024 – Jul 2024 | Remote
• Created a standalone React website managing 1,000+ accounts, 500+ stock items, and credits, cutting manual tracking by 70% and errors by 60%.
• Designed Spring Boot REST APIs for real-time analytics, reducing report generation time by 40%.
• Deployed on AWS EC2with MySQLRDS, ensuring 99.9% uptime and improving response time by 35%.
• Orchestrated CI/CD pipeline using GitHub Actions, reducing deployment time by 80% and minimizing post-deployment issues by 50%.

Application Developer | Edumitram | Aug 2023 – Jan 2024 | Remote
• Built and deployed responsive websites and web applications, increasing user engagement by 30%.
• Integrated secure and efficient RESTful APIs, improving system performance and user experience by 25%.
• Conducted end-to-end testing and resolved bugs across multiple projects, ensuring seamless deployment.

PROJECTS

Referralwala | [referralwala.com](#) | React.js, Node.js, TailwindCSS, Javascript, MongoDb, AWS
• Streamlined a job referral platform that manages hiring by enabling direct applications and integrating resume ATS scoring, improving shortlisting efficiency by 80%.
• Built a secure payment system with custom pricing, increasing monetization by 15%.

TECHNICAL SKILLS

Programming Languages: Java, Javascript, HTML/CSS
Query Languages: SQL (MySQL)
Developer Tools: VS-Code, GitHub, AWS, MongoDB, PostMan, Jenkins, Android Studio, DSA
Frameworks: SpringBoot, Reactjs, Tailwind

EDUCATION

Bangalore Institute Of Technology | Sep 2020 - Jun 2024
Bachelor of Engineering in Computer Science, 8.0 CGPA
